JAMAICAN PSYCHOLOGICAL SOCIETY

Digital Learning & Website Project

PROJECT PROPOSAL

A new digital home for JamPsych

A redesigned website + an online learning platform for courses, workshops, quizzes, certificates and CEUs - all in one place.

PREPARED FOR	DATE	DELIVERY	DOCUMENT
JamPsych Executive	September 2026	4 - 5 weeks	Project proposal

CONTENTS

Inside this proposal

01 What we are building
The project at a glance — 3

02 From scattered tools to one platform
Today vs. the new platform — 4

03 One platform, four doors
Who uses it and what they can do — 5

04 Project scope
What's included now and what can come later — 6

05 The redesigned website
New public website and its pages — 7

06 How a member's journey works
From finding a course to a certificate — 8

07 Dashboards: Admin, Instructor & Member
Admin, Instructor & Member dashboards — 9

08 Certificates, created automatically
Certificates and CEU records — 12

09 Paid services & connections (APIs)
Zoom, payments, video, email & hosting — 13

10 Your options for these services
Subscribe, or let us build alternatives — 14

11 From kick-off to launch in 4 - 5 weeks
Week-by-week plan — 15

12 What we need from you
Checklist, next steps and approval — 16

01 – AT A GLANCE

What we are building

One modern platform that replaces today's mix of forms, links and manual work - and gives every member a personal learning space.

1
Redesigned website

3
Personal dashboards

100%
Online & automatic

4–5
Weeks to launch

What JamPsych gets

A fresh, modern website
Redesigned public site that looks great on phones, tablets and computers.

Online courses & workshops
Members browse, enrol and learn online - videos, notes and live sessions.

Quizzes made simple
Download a quiz, upload the answers, get feedback - no more emails.

Automatic certificates
Certificates are created instantly with a unique ID anyone can verify.

CEU tracking
Every member sees their CEUs for the year - ready for licence renewal.

Easy online payment
Pay for courses and workshops online in JMD or USD, with receipts.

Instructor self-service
Presenters upload their own courses, quizzes and materials.

Clear reports
The executive sees members, income and certificates at a glance.

Reminders & alerts
Automatic emails for enrolments, due dates, results and certificates.

02 - WHY CHANGE

From scattered tools to one platform

Today JamPsych's education runs across several separate services. The new platform brings everything together.

TODAY

- **Registration by online forms**
  Lists copied by hand
- **Sessions on separate video links**
  Links shared by email
- **Separate payment links**
  Payments matched manually
- **Quiz answers sent by email**
  Hard to track who submitted
- **Certificates prepared one by one**
  Hours of office time
- **No personal record for members**
  CEUs tracked on paper

WITH THE NEW PLATFORM

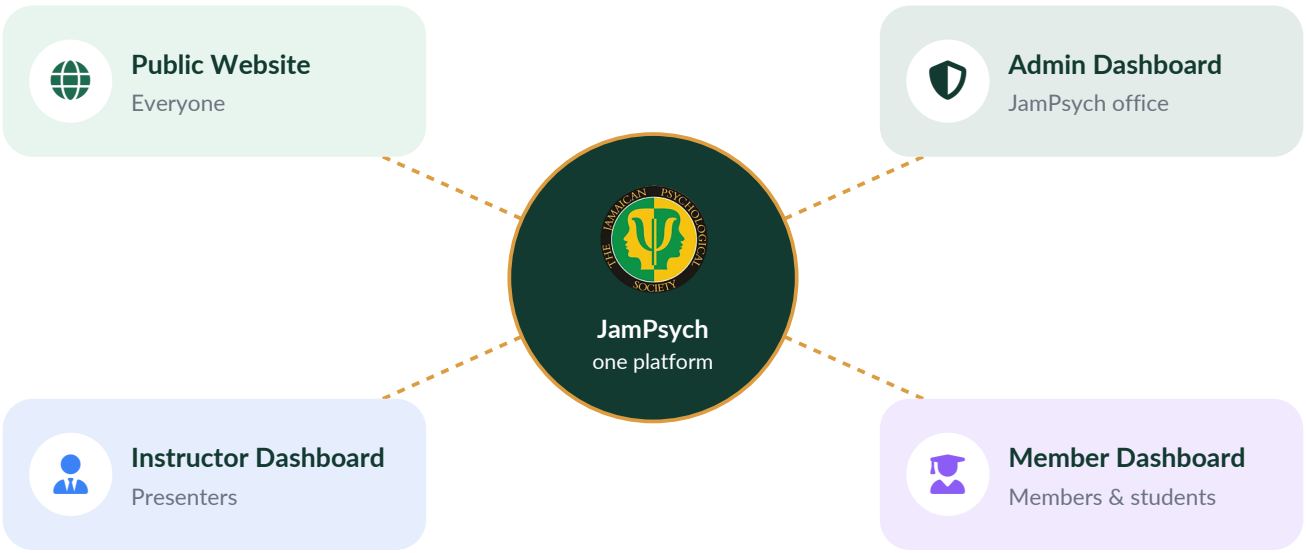

- **One account per member**
  Sign up once, use everywhere
- **Live & recorded sessions inside**
  Join from the course page
- **Pay online in JMD or USD**
  Instant access + receipt
- **Upload answers in one click**
  Every submission recorded
- **Certificates issued automatically**
  Unique, verifiable ID
- **Personal CEU record**
  Always up to date

Saves staff time | **Better member experience** | **Secure records** | **Clear reporting**

03 – THE BIG PICTURE

One platform, four doors

Everything lives in one place. Each visitor gets the view that is right for them.

Who does what

Admin
Executive & office team

- Add instructors & members
- Approve & publish courses
- Set prices and CEU values
- See payments & reports
- Manage certificates

Instructor
Course presenters

- Create courses & workshops
- Upload quizzes & materials
- Review members' answers
- Give results & feedback
- See their own statistics

Member
Members & students

- Browse and enrol in courses
- Pay online, get a receipt
- Learn & join live sessions
- Submit quiz answers
- Download certificates

04 – PROJECT SCOPE

Project scope

Everything included in this project, and the extras JamPsych can add later.

Included in this project

Area	What's included	Used by
New public website	Full redesign of every page, mobile-friendly, live course catalogue, member directory, blog & news, contact forms	Everyone
Member accounts	Sign up, log in, password reset, profile and membership category	Members
Admin dashboard	Overview, instructors, members, content approval, payments, certificates, reports, settings	JamPsych office
Instructor dashboard	Add courses, workshops, quizzes & materials; review members' answers	Presenters
Member dashboard	My courses & progress, quizzes, certificates, CEU record, payments	Members
Courses & workshops	Video lessons, files, live Zoom sessions, free or paid	Everyone
Quizzes	Download a quiz, upload answers, instructor review & results	Members, Presenters
Certificates & CEUs	Automatic certificates, unique ID, online check, yearly CEU statement	Members, Office
Online payments	JMD & USD, instant access, receipts and order history	Members, Office
Emails & reminders	Enrolment, payment, due dates, results and certificates	Everyone
Training & handover	Staff training session and a simple how-to guide	JamPsych office

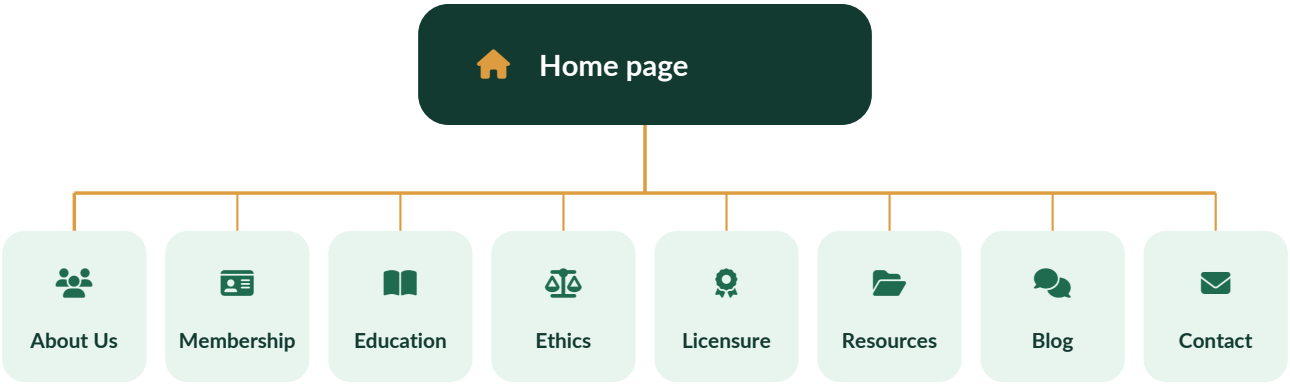

Can be added later (Phase 2)

Feature	Why it comes later
Online membership application & renewal	Easy to add once member accounts are live
Mobile apps (iPhone / Android)	The platform already works well in phone browsers
Online multiple-choice quizzes with auto-marking	Phase 1 keeps today's familiar document quizzes
Discussion forums / member community	Best added once members are active on the platform
SMS text reminders	Needs a paid SMS service

05 – WEBSITE

The redesigned website

The public website will be fully redesigned with a modern look - and connected directly to the learning platform.

New: 'Member Login' and 'Courses' buttons lead straight into the learning platform

What changes on the website

Modern new design
Clean layout in JamPsych's green and gold.

Works on every phone
Easy to read and use on any screen size.

Live course catalogue
New courses appear automatically.

Member directory
Searchable members & clinical supervisors.

Easy to update
Staff update pages, news and blog posts.

Found on Google
Built so people can find JamPsych online.

Fast & secure
Quick loading pages and a secure connection.

One connected system
Website and learning share one login.

06 – MEMBER JOURNEY

How a member's journey works

From finding a course to holding a certificate - every step happens online, in one place.

1. **Discover** — Finds a course on the website
2. **Sign up** — Creates an account once
3. **Enrol & pay** — Pays online in JMD or USD
4. **Learn** — Watches lessons or joins live
5. **Get the quiz** — Downloads the quiz
6. **Submit** — Uploads the answers
7. **Reviewed** — Instructor marks the answers
8. **Certificate** — Issued automatically

CEUs added to the member's yearly record

Members need 18 CEUs a year - progress and a renewal statement are always ready.

12 of 18 CEUs

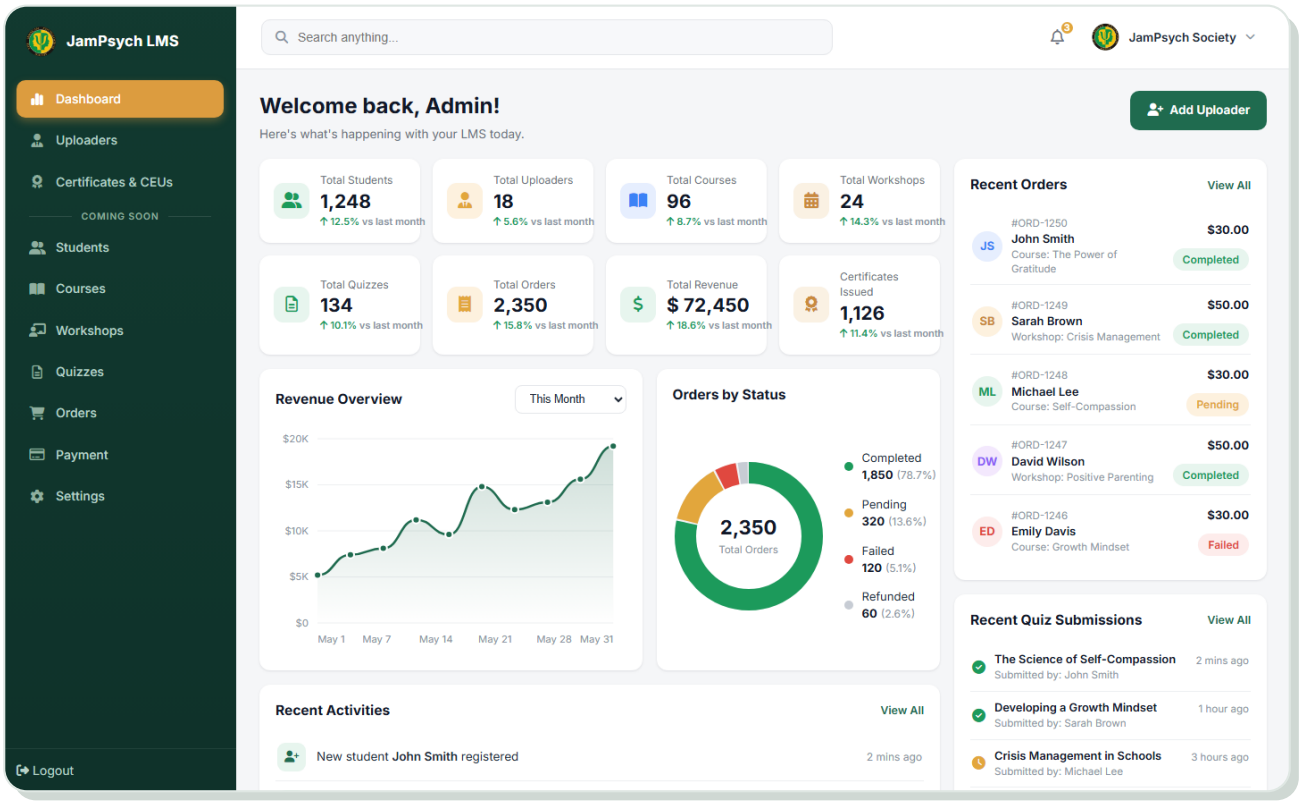

And behind the scenes – how new courses go live

Instructor creates — course, quiz or material → **Admin reviews** — price, CEUs & content → **Published** — appears on the website → **Members notified** — by email & on dashboard

07 - DASHBOARDS (1 OF 3)

Admin Dashboard

The control centre for the JamPsych executive and office team.

What you can do here

See everything at a glance
Members, courses, income, certificates

Track income
Monthly revenue chart and every payment

Manage instructors
Invite presenters and choose what they can do

Manage members
Profiles, enrolments and CEU totals

Approve content
Review courses before they go live

Certificates & CEUs
View, download or cancel any certificate

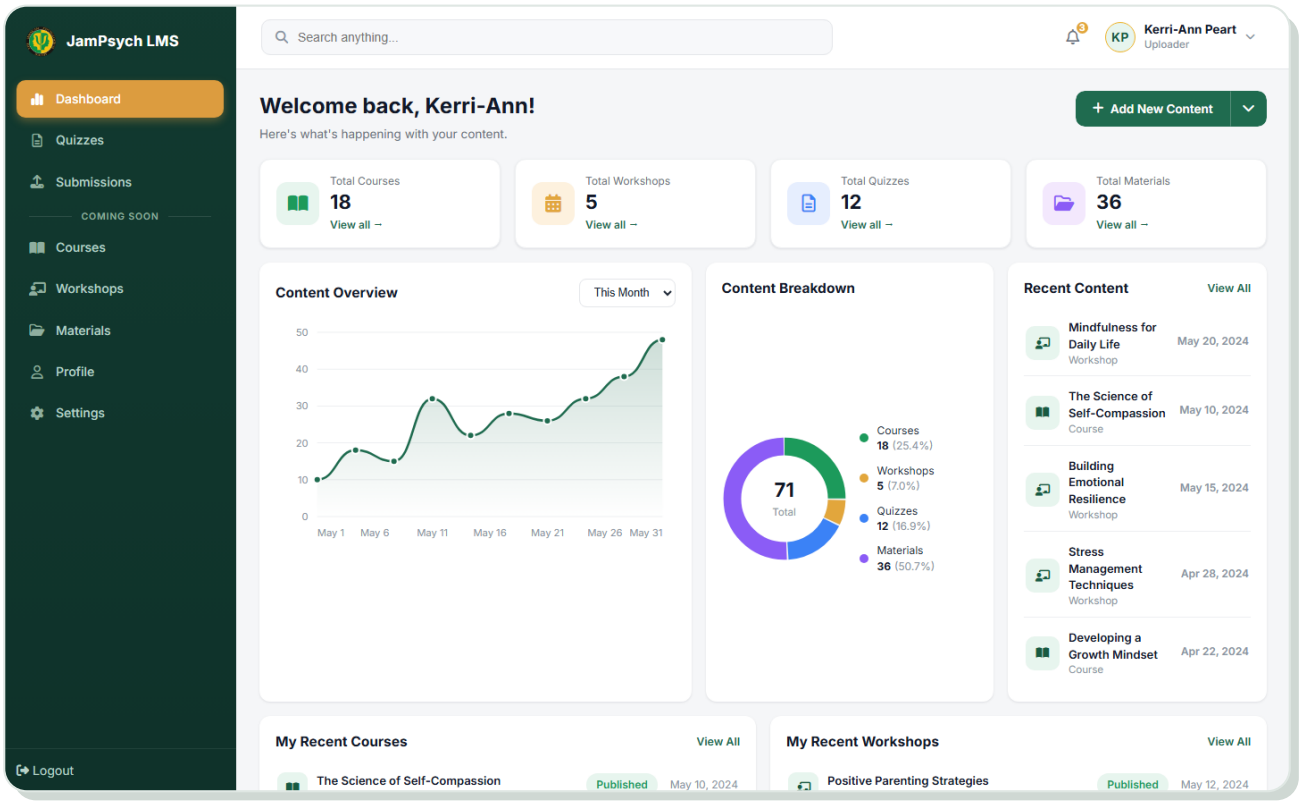

Download reports
Export lists for meetings and audits

Settings
Logo, certificate design, emails and prices

07 - DASHBOARDS (2 OF 3)

Instructor Dashboard

Where presenters create their courses and follow their learners' progress.

What you can do here

Add new content
Course, workshop, quiz or material in one form

Upload files
Documents, slides and videos

Manage quizzes
Upload quizzes and set due dates

Review submissions
Open members' answers and give results

Content overview
See how content grows month by month

Free or paid
Choose pricing; admin gives final approval

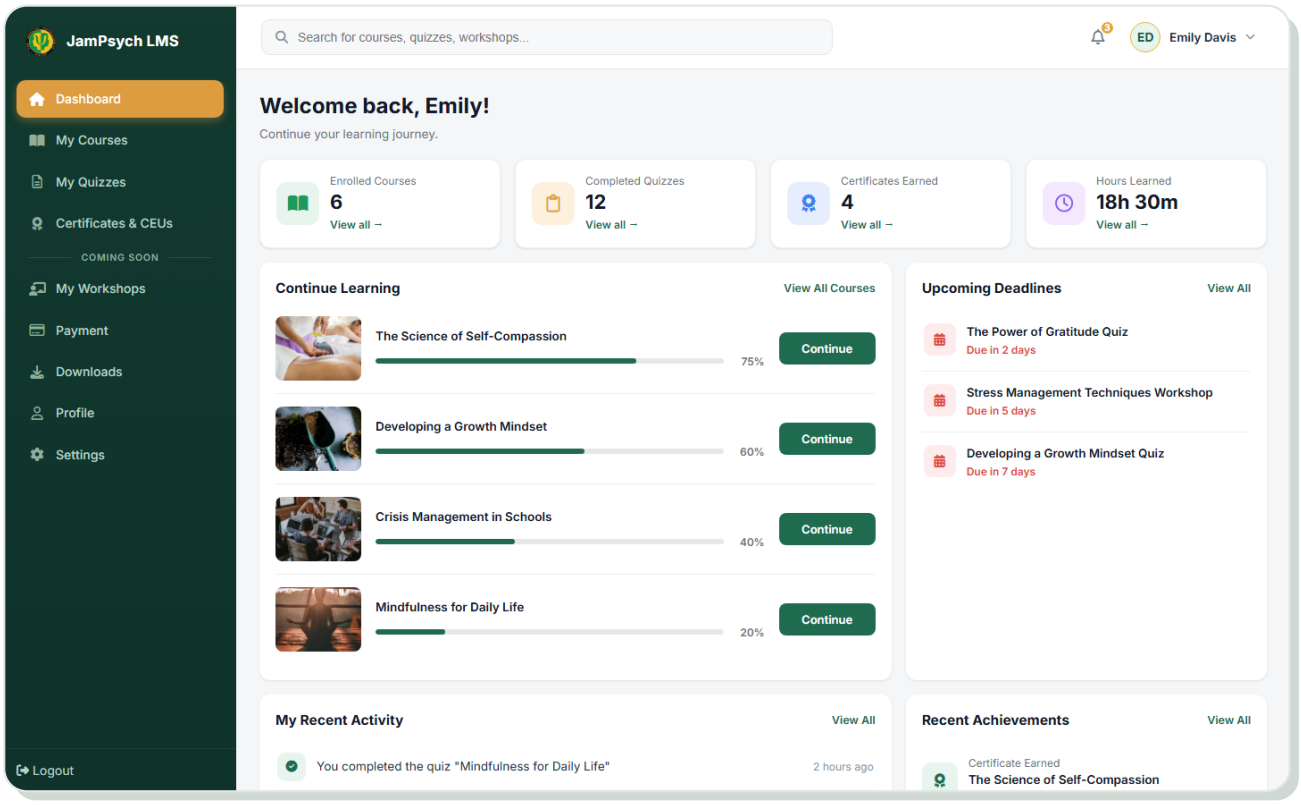

Draft or published
Prepare content privately, publish when ready

Stay informed
Alerts for new submissions

07 - DASHBOARDS (3 OF 3)

Member Dashboard

Each member's personal learning space - simple, friendly and always up to date.

What you can do here

Continue learning
Pick up where they left off, with progress bars

Upcoming deadlines
Never miss a quiz or workshop date

Download quizzes
Get the quiz file for each course

Upload answers
Submit answers and see the status

Certificates
View and download every certificate

CEU record
Yearly CEU total and statement for renewal

Payments & receipts
Full history of orders and receipts

Achievements
Celebrate completed courses and results

08 – CERTIFICATES

Certificates, created automatically

No more preparing certificates by hand. The moment a member completes a course, it's ready.

Instant

Created the moment the course is completed

Unique ID

Every certificate has its own number

Verifiable

Anyone can check it's genuine online

Always available

Members download it any time

Public certificate check

Employers and the licensing council can enter a certificate ID on the website to confirm it is real.

09 – PAID SERVICES

Paid services & connections (APIs)

Some features run on trusted outside services, paid monthly by JamPsych. The platform connects to them automatically - this connection is called an **API**.

Service	What it does for JamPsych	Launch level	High-traffic level
Zoom (licence + API access)	Creates live workshop & webinar links automatically, attendance, recordings	Pro licence: ~USD 14 - 16 / host	Pro + Webinars (500 attendees): ~USD 95 - 110
Video hosting (Vimeo)	Private, secure streaming of recorded lessons	Standard: ~USD 25	Advanced: ~USD 65 - 75 (Enterprise quote above 2 TB/month viewing)
Email sending (Mailgun)	Receipts, reminders, results & certificates by email	Foundation, 50,000 emails: USD 35	Scale, 100,000 emails: USD 90
Cloud hosting (server)	Runs the website & platform, handles busy periods and high traffic	Managed business cloud: ~USD 150	Enterprise cloud hosting: ~USD 500
Estimated monthly total	**Excluding payment fees and taxes**	**~USD 225 / month**	**~USD 750 - 775 / month**

Monthly prices in USD from the providers' published price lists (September 2026), billed annually, excluding taxes. JamPsych can start at the launch level and move up as traffic grows - no rebuild needed. All accounts are opened in JamPsych's name, so JamPsych owns them. Payment gateway fees, domain renewal and optional SMS reminders are charged separately.

10 – YOUR OPTIONS

Your options for these services

JamPsych can subscribe to the services above, or ask us to build and run our own alternatives.

A JamPsych subscribes

RECOMMENDED

- Services bought in JamPsych's name
- We connect them to the platform
- Setup included in this project
- Providers handle updates & uptime
- Launch stays at 4 - 5 weeks

B We build alternatives

EXTRA COST

- Our own video meeting server
- Video storage & streaming server
- Our own email sending server
- Custom connections (APIs) built
- Security, monitoring & backups

Side-by-side comparison

	Option A - JamPsych subscribes	Option B - We build alternatives
One-time setup cost	Included in this project	Extra - quoted separately
Monthly running cost	~USD 225 - 775 / month in subscriptions (see section 09)	Larger server + paid maintenance plan
Timeline	No change - 4 to 5 weeks	Adds about 1 - 2 weeks
Video call quality	Zoom-level reliability	Depends on server size & internet
Updates & security	Handled by the providers	Ongoing work by our team (paid plan)
Large events	Scales automatically	May need server upgrades

Our recommendation: Option A
Option A is faster to launch, more reliable and usually cheaper over time. If JamPsych prefers Option B, we will send a separate quote for the extra servers, setup and maintenance once we know the expected number of members, live-session sizes and video storage needs.

11 – TIMELINE

From kick-off to launch in 4 - 5 weeks

You'll see progress every week on a private preview link - no waiting until the end.

Weekly milestones

Week	Milestone	What you will review
Week 1	Kick-off & design	New website design and the look of the dashboards
Week 2	Website & admin tools	Admin and instructor dashboards - add a test course
Week 3	Learning & quizzes	Member dashboard - enrol and submit a quiz
Week 4	Payments & certificates	Test a payment, see a certificate and CEU record
Week 5	Testing, training & launch	Final checks, staff training and go-live approval

Timeline note
This timeline assumes Option A (section 10): the service subscriptions are in place by the end of Week 2. Option B adds about 1 - 2 weeks.

12 – WORKING TOGETHER

What we need from you

A few items from JamPsych keep the project on schedule.

WEEK 1 — Getting started

- **Main contact** — One person for quick feedback
- **Website access** — Domain & current website login
- **Logo & photos** — High-quality logo and images

WEEK 2 — Content & services

- **Website text** — Updated page content
- **First courses** — Titles, prices, CEUs & videos
- **Subscriptions** — Zoom, video, email & hosting

WEEK 3 — Members & payments

- **Member list** — Existing members in a spreadsheet
- **Payment account** — Access to the current provider
- **Certificate info** — Wording, signatures & approving body

WEEK 4 — Policies

- **Website policies** — Privacy, terms & refund text

WEEK 5 — Testing

- **Test users** — 2 - 3 staff or members to test

Next steps

Approve this proposal → Sign below to confirm the plan

Kick-off meeting → Agree on dates and first content

We start building → Weekly previews until launch
